why can't
we make
this
stuff?

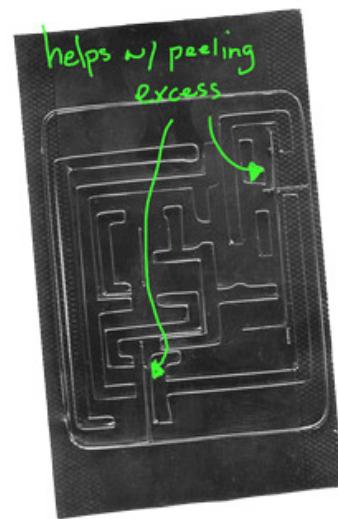

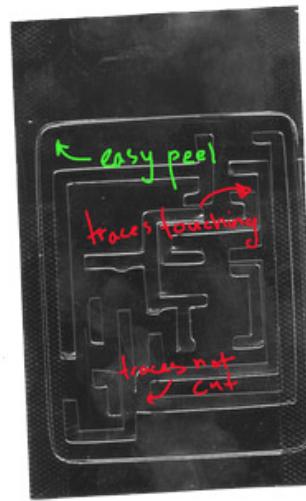

\$50
18 inputs
plug/play
<1min

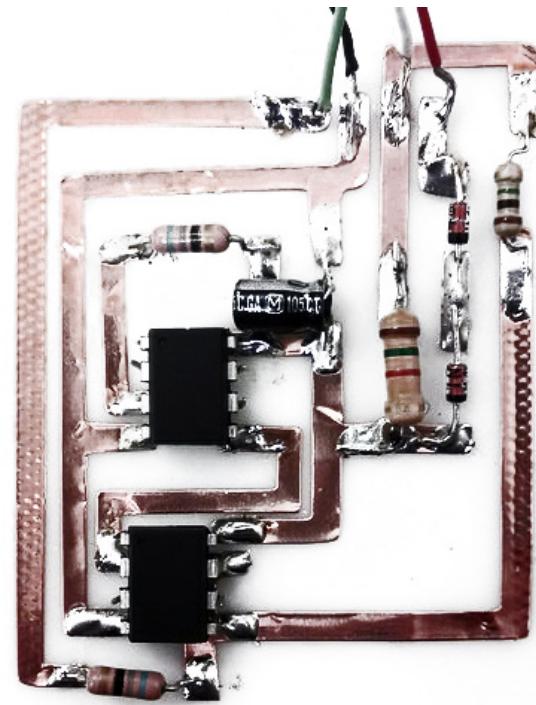

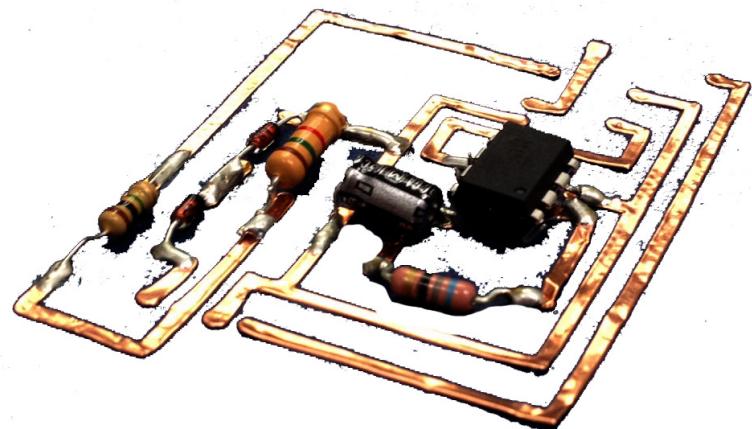

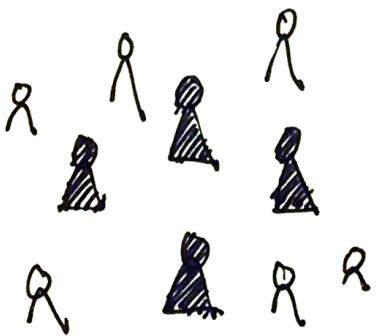

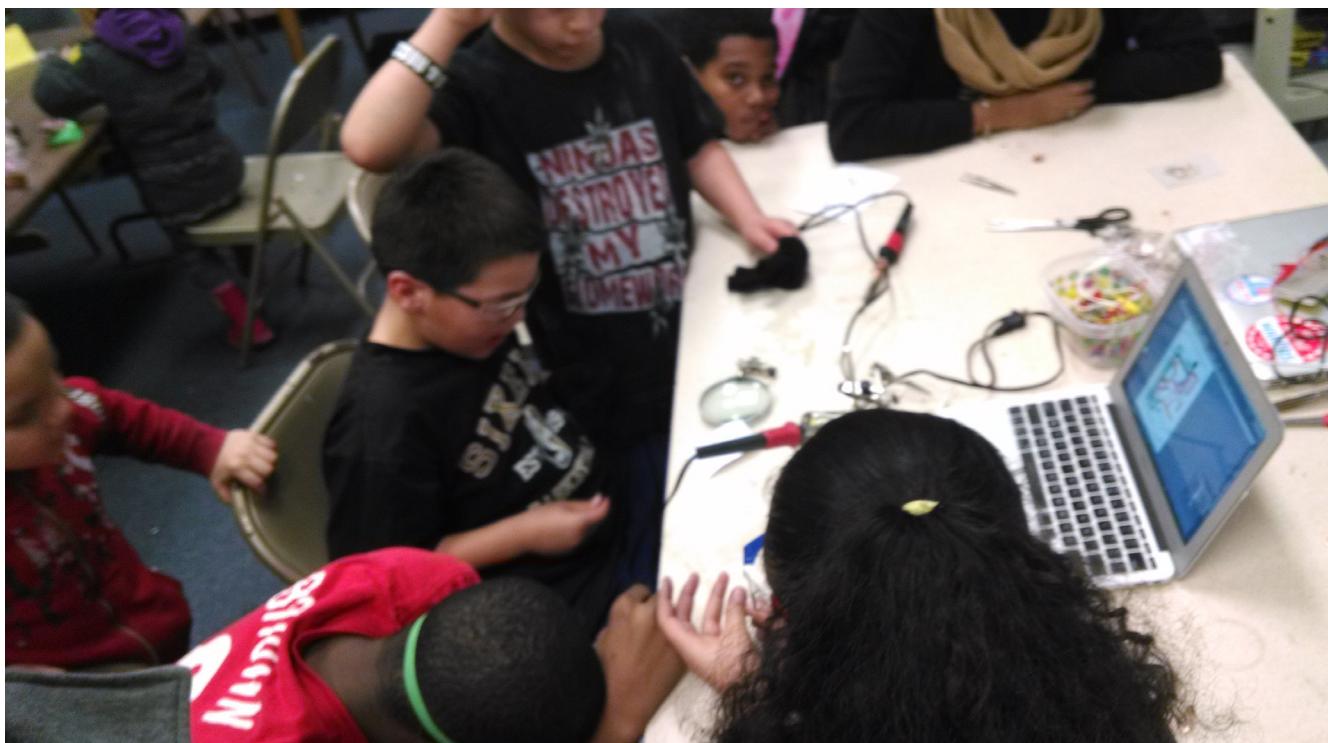

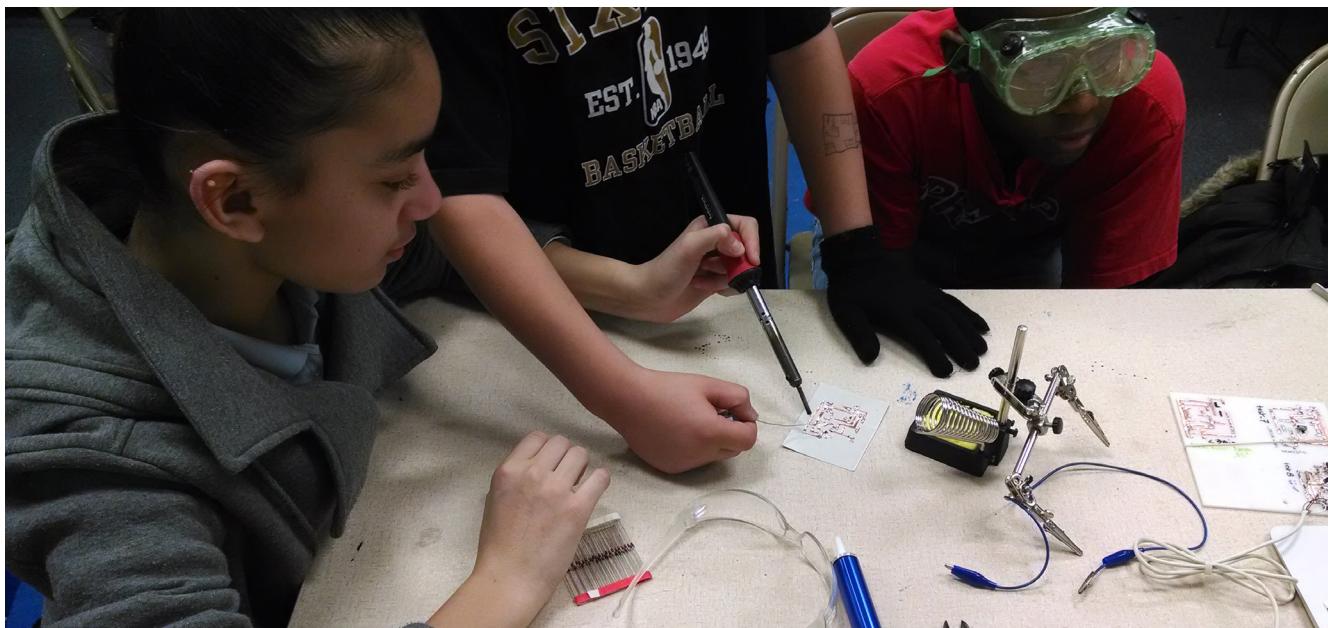

\$3-7
1 input
make/test/plug/play
~45-120min

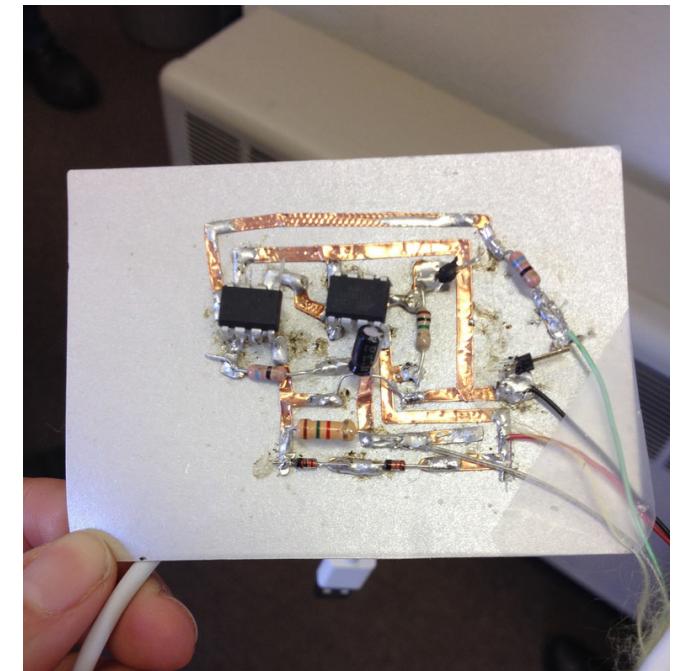

impossible
to use

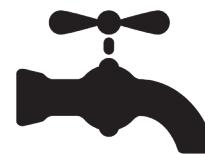

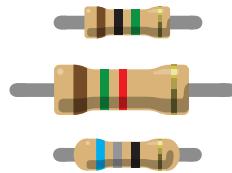

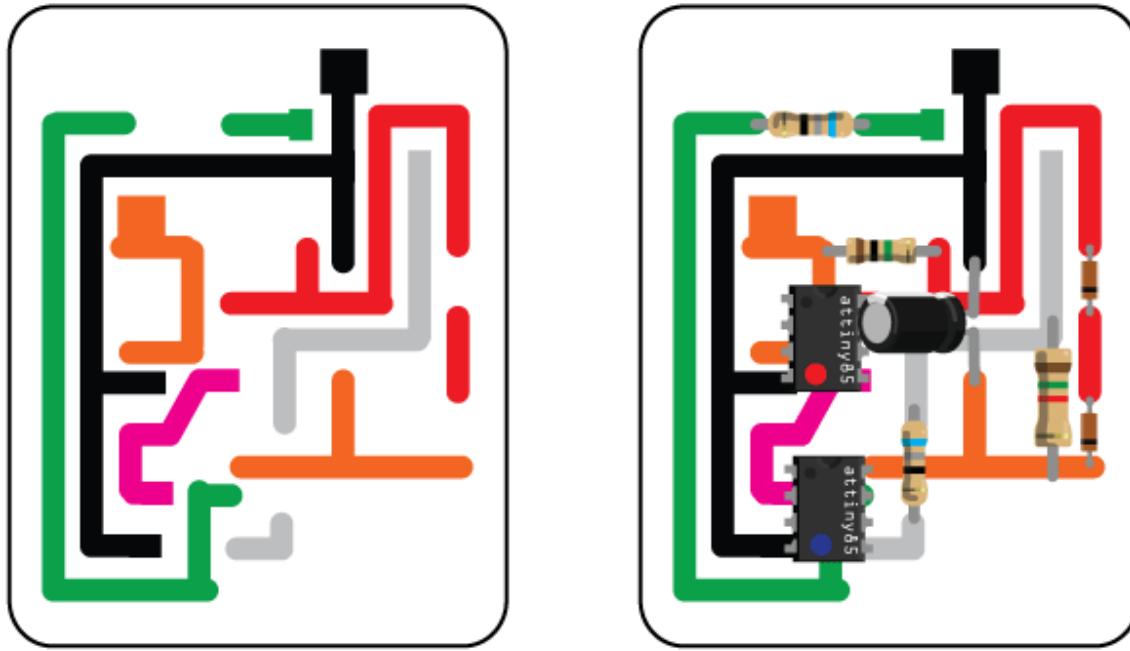

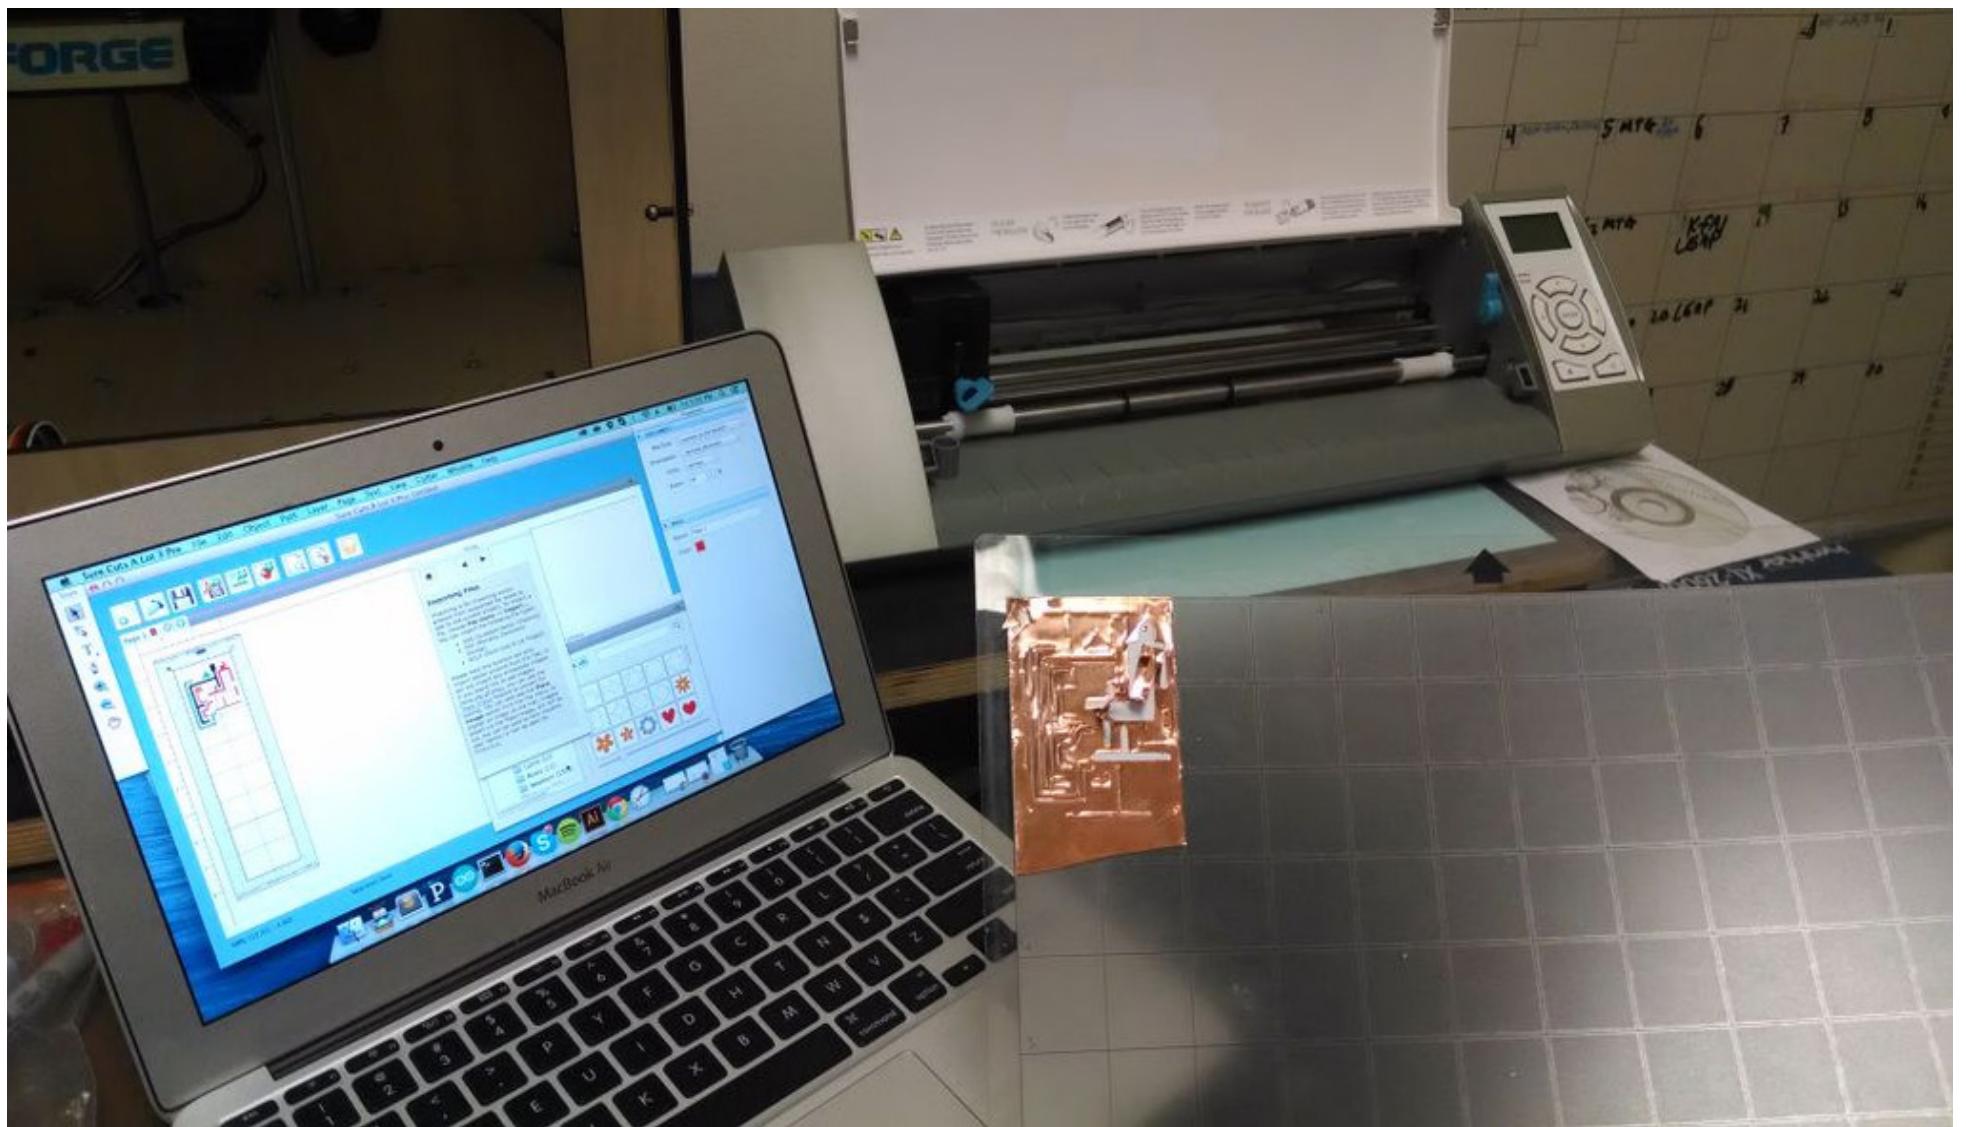

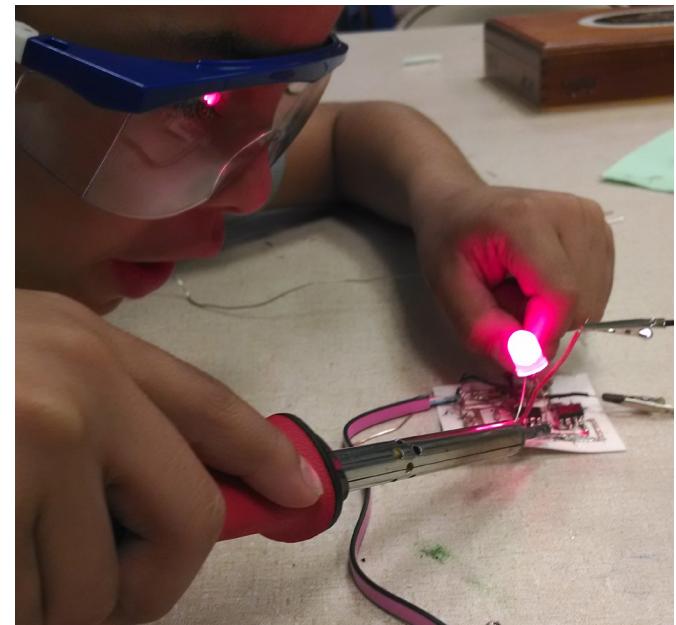

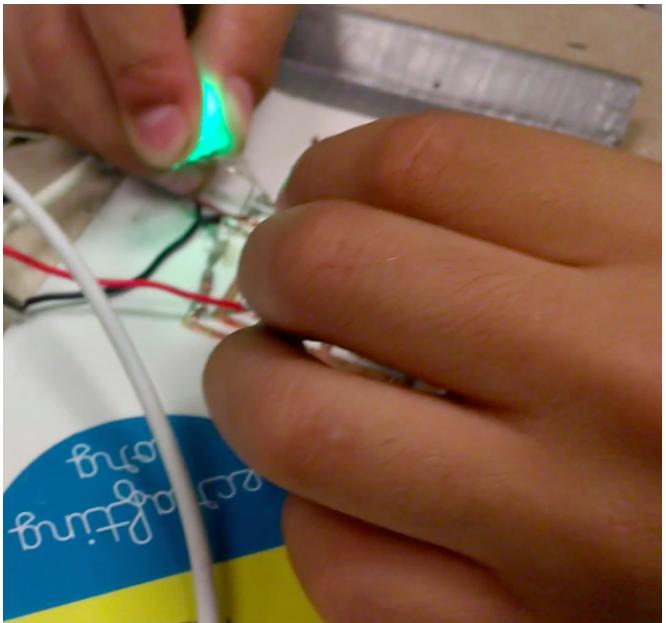

"what even is
this...
...I don't under-
stand what is go-
ing on there..."

@ericrosenbizzle

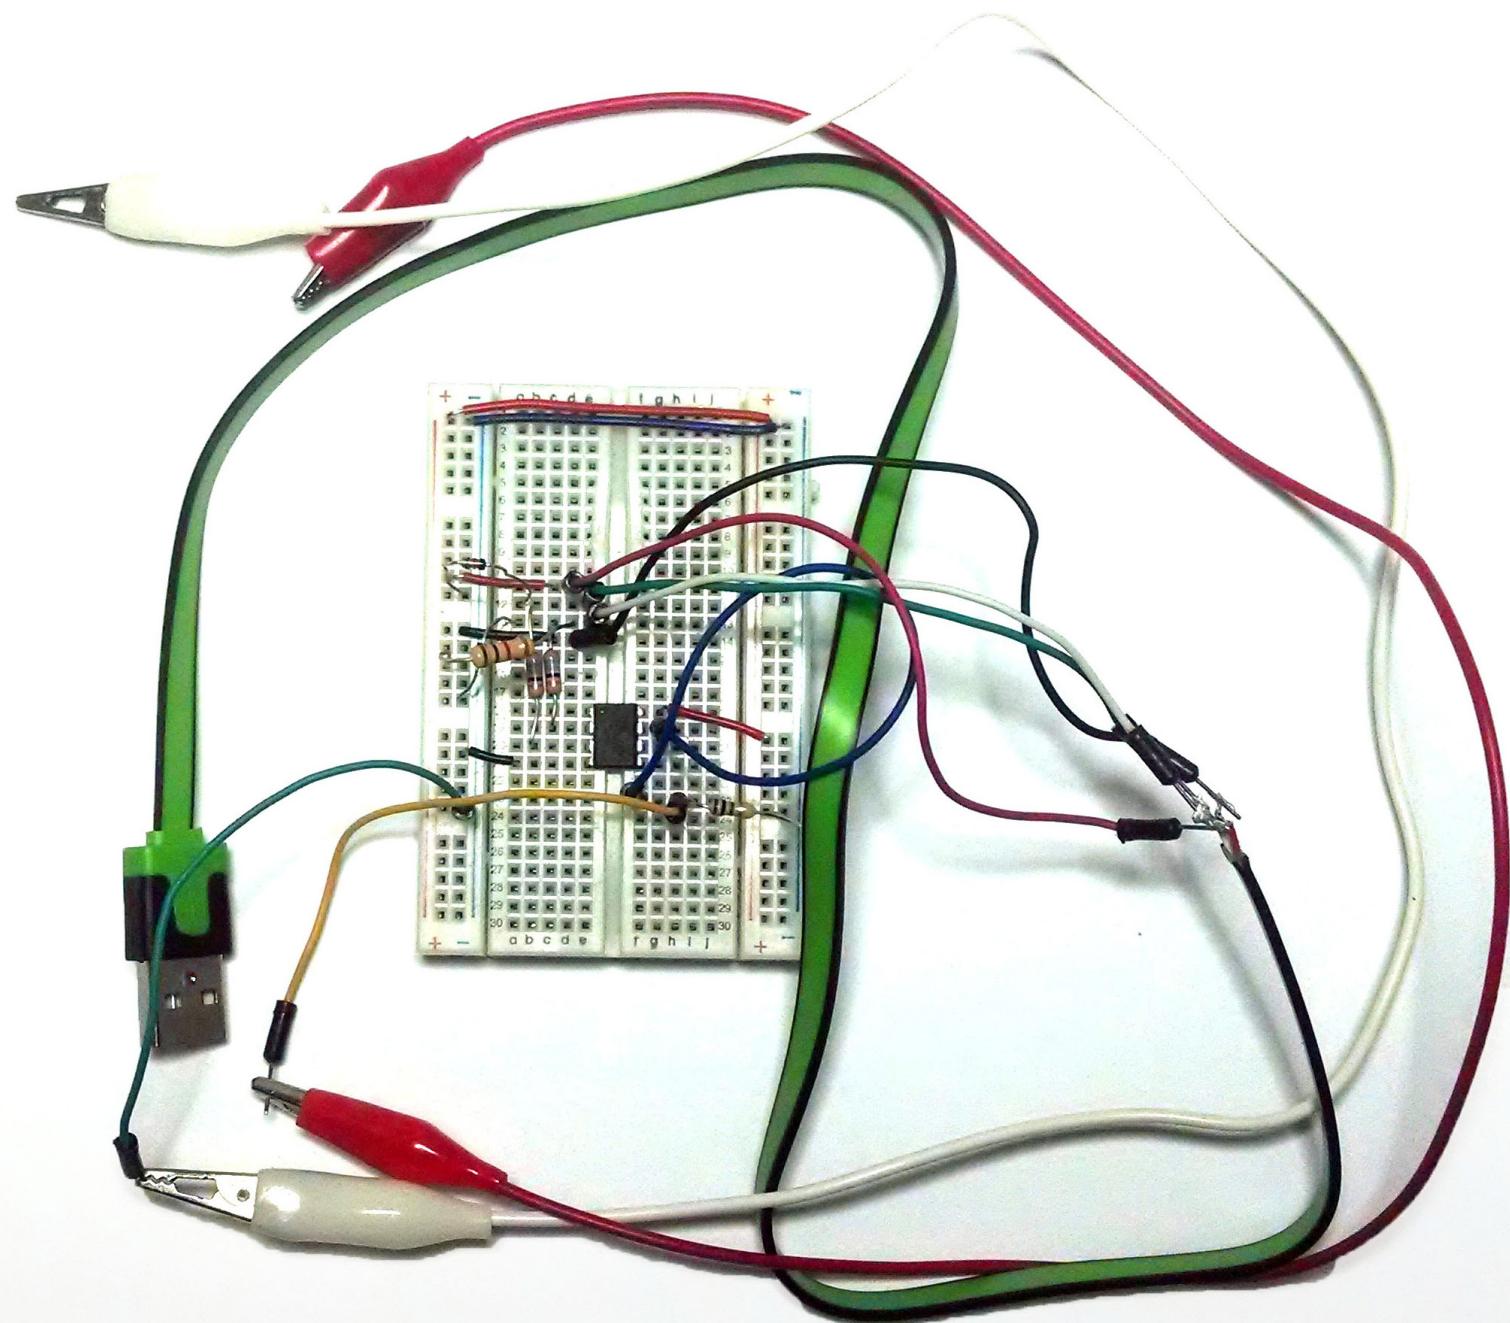

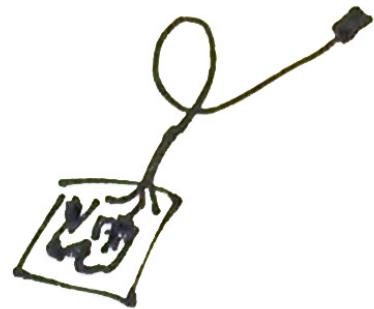

those “striped jawns” are resistors. they are like water taps for electricity that only allow a little [water] through

\$2.70
